**SUSAN BERARDINELLI
HAPPY 100th BIRTHDAY!**

WHEREAS, Susan celebrates her 100th birthday this year; she was born April 22, 1914 in L'Aquila, Italy; in 1919 Susan arrived in the United States with her mother and brother through Ellis Island; it wasn't until after her father fought for the United States in World War I that they were reunited in their home town of Gallitzin, PA; and,

WHEREAS, Susan had a remarkable childhood and grew up to one day meet and fall in love with Edward and they were married on December 27, 1932; they were blessed with four children: Jane, Frances, Norman, and Deborah; throughout the years Susan came to have 14 grandchildren, 23 great-grandchildren, and 16 great-great-grandchildren making her truly blessed; and,

WHEREAS, Sundays are an important day to Susan as she enjoys the company of her family for Sunday dinner; she is an avid Detroit Pistons fan and enjoys to take a risk at the casinos from time to time; and,

WHEREAS, Susan has lived during the most eventful century of this world's history and has earned the respect and affection of people from all walks of life; she is adored by her many family and friends who join her in this joyous occasion.

NOW THEREFORE, the City Council, on behalf of all the residents of Roseville, extend sincerest congratulations to Susan Berardinelli on the occasion of her 100th Birthday, and wish her peace, happiness and a blessed 100th Birthday.

Signed this 8th day of April, 2014

LETTER CARRIER'S FOOD DRIVE DAY
May 10, 2014

WHEREAS, the National Association of Letter Carriers (NALC) will sponsor a nationwide food drive on Saturday, May 10, 2014; and,

WHEREAS, the NALC program started in 1991 and has grown into the largest one day food collection in our nation; and,

WHEREAS, in 2013 over 300,000 pounds of food was received from this food drive and given to the Macomb Food Program for distribution through over 50 pantries in Macomb County; Roseville letter carriers collected over 36,000 pounds of that total; and,

WHEREAS, the South Macomb Letter Carriers of Branch 4374 have worked tirelessly over the past 21 years to collect this food to help those in need; and,

WHEREAS, the City of Roseville is proud to recognize the significant and important contributions that NALC Branch 4374 has given to the community.

NOW THEREFORE, the Mayor and Council of the City of Roseville do hereby proclaim May 10, 2014 as "Letter Carrier's Food Drive Day" and encourage all citizens of the community to participate in the Food Drive.

City Clerk

Memo

To: Scott Adkins, City Manager
From: Paul VanDamme, Purchasing Assistant
Date: April 2, 2014
Re: Single Source Vendor - Court Server

Attached is Purchase Requisition # IS1209 and letter of recommendation from Phil Longueuil, Information Services Director, for the proposed upgrade to the 39th District Court AS/400 server and consulting services. Also, attached is single source vender letter and Quote #005647 in the amount \$38,614 from i3 BusinessSolutions llc, of Grand Rapids, Michigan.

This project is funded by the Reserve – Court Technology account number 101-000-369.001. The current server is over 10 years old and is in need of an upgrade before it fails. i3 BusinessSolutions llc, has done satisfactory consultant work for the City on the Court's IBM AS/400 related needs in the past.

The upgrade to the Court AS-400 server, software and consulting from i3 BusinessSolutions llc, meets the City's specifications and is approved by Phil Longueuil. Council will have to approve the amount of \$38,614 for this purchase because the City is waving formal contract bid procedures per City Code and i3 BusinessSolutions llc, is a single source vendor.

If you have any questions please contact Phil Longueuil or myself.

interoffice memo

Date: March 26, 2014
To: Paul VanDamme, Purchasing Assistant
From: Phil Longueuil, Information Services Director
RE: Court Server Replacement

At this time I am requesting that we proceed with the attached proposal from i3 Business Solutions in the amount of \$38,614.00. We have used i3 Business Solutions as our consultant of choice for IBM AS/400 related needs for many years. They are familiar with the JMS Court software and will work with JMS to insure a smooth transition and a minimum of downtime for the Court. The amount includes hardware, software, and consulting.

The current server is over 10 years old. We want to replace it before it fails. Upgrading it is not an option.

JMS is working on a new version of Court software but it will not be ready for release for our court for approximately three years. The new version will run on a different platform and require a different (less expensive) server at that time.

April 3, 2014

Mr. Paul Van Damme
Purchasing Assistant
City of Roseville
29777 Gratiot
Roseville, MI 48066

Dear Paul,

i3 Business Solutions, LLC was established in 2004 as the merger of two firms: 21st Century Computer Specialists, Inc. and SilverLake Resources, LLC. Both of these firms were founded in 1992 by former IBM employees who established themselves in Grand Rapids, Michigan as IBM Business Partners. Today we bring enterprise class technology from IBM and other OEM partnerships support to small and medium sized businesses and government organizations. The i3 Business Solutions team of business and technology professionals, led by business partners Kathy Labozzetta and Mike Ritsema, have decades of experience with enterprise class computing and professional technology services. We know what it takes to deliver excellent customer service and support.

Three years ago, i3 Business Solutions was assigned by IBM to contact installed dormant AS/400-iSeries accounts in Michigan, including the City of Roseville, who were not keeping pace with current server and software technology. Customers in this category risked technological obsolescence, increased maintenance and support costs, and the inability to stay current with software and security enhancements. Many of these customers, including the City of Roseville, were local government entities relying on the AS/400 platform for public safety and court systems.

The City of Roseville currently utilizes an AS/400E Model 250 server that was purchased and installed in May 2001 to run JMS software in support of Roseville and Frasier court systems. In 2011 we contacted the City of Roseville to discuss an upgrade to a new IBM System i server and software. However, the City of Roseville, along with other statewide JMS clients of ours, were intending to migrate to a yet to be developed JMS software running on Windows. When the new JMS-Windows software never materialized, we re-contacted the City of Roseville and provided a customized budgetary upgrade proposal to IBM's newest System i P720 server platform along with our software migration services. Last month with budgetary approval, Phil Longueuil requested and received from us, a formal customized proposal for a new IBM server, software, migration services and maintenance.

Mr. Paul Van Damme
City of Roseville

Our proposed solution and services for your System i V7.1 and JMS software migration is based on our recent upgrade engagement at the Iosco County Court System which we completed in October of 2013. For Iosco County we also provided a new IBM P720 to replace their aging AS/400 Model 270 running JMS and custom applications that support the 81st District Court, the 23rd Judicial Circuit Court, and local sheriff's departments. For a reference on this turnkey project please contact Mary Gill, IT Director, County of Iosco, (989) 362-3281.

For the City of Roseville - JMS Upgrade Project, i3 Business Solutions provides these unique qualifications:

- IBM Advanced Partnership
- Over 20 years IBM System i sales, installation and customization experience
- Currency in all required IBM Power Systems and System i Sales and Technical certifications
- Technical resource has successfully performed over a dozen JMS implementation and upgrade projects.
- Ability to perform software conversions from older unsupported IBM i5/OS operating systems.
- Capability to migrate and convert data from legacy tape formats to new.
- Manage each conversion project and cutover with minimum loss of production time.
- Provide training on new systems capabilities and backup procedures.

Sincerely,

MIKE KITSERMA
President
