Shores Area Jaycees

The Motivator

Volume 1, Issue 1 | January 2007

Shores Area Jaycee's Cap Off First Year

The "forming" Shores Area Jaycees finished out its first year of existence. The growing organization expanded throughout the year and organized and participated in many events. (see related articles).

Josh Plummer signing up as the first official member.

The Jaycee's offer opportunities for people 21 to 40 years old to get involved in activities that they normally would not do on their own. These activities include community service projects, individual development, networking, social outings and international education.

The Shores Area Jaycees look forward to expanding more in 2007 and organizing more events for the area.

Jaycee's Participate in SCS Relay For Life

The Shores Area Jaycee's put out a major effort for the Relay for Life of St. Clair Shores. This event was held at Blossom Heath Park in St. Clair Shores in June, 2006.

The Shores Jaycee's raised over $900 for the cause. Along with collecting direct contributions, the Jaycee's also raised money by doing face painting during the event.

Jaycee's Fall Cleanup in the Pointes

Monica, Laura, Larysa and John on Raking Duty

A team of Shores Area Jaycee's went into Grosse Pointe in October to help several senior citizens with fall clean up activities. The Jaycee's spent a Saturday morning raking and bagging leaves for 3 homes.

Jaycee's Join Adopt-a-Stream Program

Jaycee members Larysa Tarnawskyj and John Caron join the Clinton Water Shed Council's Adopt a Stream program this year on behalf of the Jaycee's. The program trains teams to study the state of pollution in the watershed.

It requires a combination of chemical testing and insect identification. The chemical testing test for Ph levels of the water and the level of pollutants from industry or residential run-off, such as lawn fertilizer. The insect identification provides an insight into the level of pollution, as some species are more tolerant of pollution than others.

Social Events Abound in '06 for Jaycees

Throughout the year, the Jaycee's organized many social events to build relationships within the group and to attract new members. Several local businesses benefited from these outings. Events in the past year were held at The Beach Grill for 80's Night, Sy Thai for International Night, Red Hat Winery, Terry's Terrance, Shores Inn and Fishbones for new member recruitment, and Orleans for individual development in Billiards.

Angela, Sasah, LaRon, Larysa and John at the Beach Grill for 80's Night

Roving Garage Sales a Success

To raise funds for chapter's activities, the Jaycee's perfected the art of the roving garage sale. On three separate weekends, the Jaycee Garage Sale started at Larysa's House and then traveled to John's and ended at Angela's.

The sale's raised over $500 for the chapter. The Jaycee's are extremely grateful to the family, friends, and neighbors that supported the sales and donated items.

Worf Stands Guard at one of the Jaycee Roving Garage Sales

August, Larysa, John and John's mom Carol all volunteered for the clean up effort.

Jaycee's Join the Clinton River Cleanup

The Jaycee's sent a team to Macomb Community College Center Campus to help clean up trash and debris from a tributary to the Clinton River. Along with other teams, several bags of trash was pulled out of the river.

Just some of the trash and debris that was pulled from the river.

Shores Jaycee's Donate Christmas Baskets

For the holidays, the Jaycee's put together Christmas Baskets to be donated to seniors in need. The baskets were created by items bought and donated by Jaycee members and distributed to seniors through the Services for Older Persons in Grosse Pointe.

Proposed Resolution

FOR

DECERTIFICATION /VACATION

At a regular meeting of the City Council of the City of Roseville, Michigan, held at the City Hall on February 27, 2007, the following resolution was offered by member _____, and supported by member _____.

Whereas, the City of Roseville does wish to decertify/vacate a portion of Demrick Street. This decertification/vacation of Demrick Street is located between Ivanhoe Street and Martin Road for a total decertification/vacation length of 550.0 feet.

MEMORANDUM

CITY OF ROSEVILLE

ENGINEERING DEPARTMENT

TO: Steve Truman, City Manager

FROM: Steve Wietecha, Engineering Inspector/Street Administrator

DATE: February 7, 2007

RE: Act 51 – Demrick Street

In August of 2005 the City of Roseville was advised that on the Act 51 map Demrick Street existed between Ivanhoe and Martin Roads and the aerial photograph clearly shows homes in this area. In March of 2006 Mr. Roy Rose sent a letter to the Act 51 Certification Technician advising that the plat map clearly show that Demrick Street has always ended at Ivanhoe and at no time extended to Martin Road. Mr. Rose also advised that this correction would lessen our local road miles by 550 feet.

Upon receipt of our new Act 51 map in January 2007 it was discovered that this error had not been corrected. Per the Act 51 Certification Technician the City of Roseville must provide a resolution of decertification to correct this error. Enclosed are the aerial photograph, original plat map, and correspondence regarding this matter.

A sample decertification resolution is attached for reference. Please contact me if any further information is required.

Demrick St between Ivanhoe and Martin.

Green.doc (676 KB) Demrick.doc (650 KB)

Steve, the following aerial photos are questionable roads in the states framework. Please review and tell me if the road has been obliterated or a new road been established. This will help make our system consistent.

Thanks

Michael S Udvare

COPY

RE: City of Roseville Act 51 Map – Demrick Street

Dear Ms. Rosebrugh,

Per your conversation on March 21, 2006 with Steven Wietecha, Engineering Inspector for the City of Roseville, I am sending a copy of the original plat map for the section of Demrick Street in question.

The plat map clearly shows that Demrick Street has always ended at Ivanhoe and at no time extended to Martin Road. This will lessen our local road miles by 550 feet on our Act 51 map.

Please feel free to contact me or Steven Wietecha if you need any further information regarding this matter at the City of Roseville Engineering Department (586) 445-5445, Monday through Friday, 8:00 AM to 4:30 PM.

Sincerely,

Roy Rose
