JOIN THE NO ROOF LEFT BEHIND COMMUNITY PROJECT.

Sometimes bad things happen to good people and the adversity that strikes a neighbor is so serious that even life essentials, like having a roof over your head, take a back seat to the crisis at hand. No Roof Left Behind is a nationwide program that helps the community organize and rally around a local family who's fallen on some hard times. No Roof Left Behind depends on a civic minded local contractor to provide the new roof at no cost. You can get involved too. Nominate, vote, spread the word, be a part of your community.
